MACROECONOMIC SNAPSHOT

Price hikes could have steadied from Apr.

THE OVERALL RISE in prices of widely used goods likely slowed from a year ago in May though it could have steadied at April's 16-month-low pace, according to a poll of economists late last week, even as the central bank's estimate on Friday bared expectation that May could have

FINANCIAL TRENDS

April loan growth slows

The amount of loans granted by the Philippine banking system grew at a slower pace in April due to the high cost of credit that prevailed just before regulators eased monetary policy in the following month.
